

DON'T JUST MAKE 'EM BETTER. MAKE 'EM **PRIME!**

MarketMakers
Beef Genetics

SPRING 2026

SEMEN DIRECTORY

Fellow Beef Producers:

We often hear “market takers” versus “market makers” in the beef business. The goal of Market Makers Beef Genetics is to offer progressive beef producers a predictable pathway to create value. Whether keeping replacements, producing sons of legendary AI sires or marketing a feeder calf with the genetic potential to grow to market weight and grade Prime, Market Makers Beef Genetics is an inventory of elite multi-trait AI sires that represent more than 60 years of total AI and ET, and disciplined selection. The sires in this lineup present multiple options for any cow-calf producer committed to cow herd improvements regardless of their unique environmental requirements.

Form and function are basic, necessary attributes. With so many selection traits available today and generations of stacking genetic performance and predictability, producers can confidently select sires that excel in many different ecosystems. It is also important to remember the ultimate goal for the last owner of the cattle is the opportunity to capture the value in the feed yard and at harvest with a Prime carcass. Multi-trait genetics offers gate-to-plate profitability.

You will notice the majority of sires are sons and grandsons of such legacy sires as GAR Home Town, GAR Transcendent, GAR Sure Fire, GAR Sunrise, GAR Ashland, and GAR Momentum, backed by more than six decades of disciplined selection for all the traits of economic relevance.

As the Ashland Veterinary Center footprint has grown, it has been a privilege and opportunity to work more closely with so many cow-calf producers to successfully improve herd health, nutrition, production efficiencies and genetics. Adding Market Makers Beef Genetics as a resource for proven, multi-trait genetics enables registered and commercial producers access to the industry's next generation of Angus genetics.

For questions or to order semen, go to MarketMakersBeef.com or call (888) 250-3707.

We appreciate your business,

Randall Spare, DVM

B&B *Preeminent*

B&B Preeminent is the Transcendent son to replace his sire, offering more marbling and ribeye. He is the best mating possible for many Home Town daughters. Protect his calving ease and only use him on double digit CED females.

DON'T JUST MAKE 'EM BETTER. MAKE 'EM PRIME!

GAR *Apex*

Apex may not be the number one trait leader for any one trait, but he is elite for many. Special bull for calving ease, growth, marbling and ribeye traits. Numerically, he is a \$M improver, but top 1% rankings for ribeye, top 3% for CED and tremendous feet are validation to not overlook Apex. The first steers (29 head) harvested were 2/3 Prime. His He is a great bull from a docility, structure, type and kind.

GAR Fireproof

Exceptional bull. Off the charts customer appreciation for phenotype. May be the best foot sire of his generation. Fireproof fits the discipline of calving ease, early growth, acceptable stature with elite marbling. He is exceptional for his indexes. Fireproof appears to be problem free and valuable for any beef producer seeking to add value to a calf crop.

GAR Powercat

Widely accepted bull physically and for the traits of merit. Powercat offers the outcross we need without giving up decades of progress. Great bull to use on Home Town and Transcendent progeny. Many of the people who have seen him appreciate his type and kind. Great bull to proceed with breed improvement.

G A R Powercat

GAR Wallace

Wallace is named in honor of Roy Wallace, arguably, the father of the performance movement in the beef industry. GAR Wallace is a culmination of decades and generations of practicing the discipline developed by Henry Gardiner and Roy Wallace to ascend to such an elite, multi-trait sire. Wallace checks all the boxes for calving ease, early explosive growth, moderate stature, maternal function and end product merit.
